

IMMUNE SUPPORT

Next rice™

The more we learn about our intricate digestive system, the more we discover how closely tied it is to our overall health. An astounding 70 percent of your immune system is located in your digestive tract; it's no surprise that research demonstrates that probiotics may boost our immunity. Clearly, probiotics help keep us healthy by more than just aiding digestion. BC Nutrition is proud to introduce Next Rice for GI and Immune Support, a functional rice product developed to help our body maintain healthier digestion and immune function. Our innovative process enables us to incorporate the key nutrient into each grain of raw or uncooked rice. As much as 20% of the nutrient can be incorporated without the use of artificial ingredients of processing aids.
